Dear Customer,

Thank you for requesting details on our products. Please find enclosed our brochure with details of our designs, prices and fabric samples. Since the printing of our original brochure we have added several new designs to our selection, all introduced by popular demand, including 'Birds of the Garden', 'Pheasant' and 'Deer' designs and these designs are shown on separate leaflets within the brochure.

Our roller blinds are ideal for kitchens and bathrooms. The material used is a specially PVA treated 100% cotton fabric, which gives the blind durability and moisture resistance. Used in conjunction with curtains these blinds offer improved insulation and draught proofing. When the room is lit, the wildlife designs can clearly be seen from both sides, giving a pleasing visual effect whilst still ensuring privacy. In sunlight, the glare of the sun is reduced, yet soft gentle diffused light is still allowed to penetrate into your room.

We have had repeated requests for tiles featuring our own original designs over the past few years and as you can see we are now able to offer these in our range. All the designs featured in our blinds and linen brochures are available on our tiles. The number of tiles required for each design is itemised on a separate sheet within the tile brochure. If you wish to use your own tiles, please send them to us and we will print directly on to these at the same cost.

To complement our blinds and tiles, we offer a range of co-ordinating linens including - tablecloths, table mats, napkins, aprons, cushions and calendars. We can also offer a range of assorted fleeces, leisure shirts and scarves.

Should you require advice or further information before you order, please telephone our help-line - 01229 581010 or e-mail: office@countrymanjohn.co.uk

Yours sincerely

Countryman John
